Having trouble getting the chords & rhythm together?

This song will be a little tricky for developing guitarists; the progression includes several bar-chord forms (the Bb is the hardest). All the chords used in *Paradise* are introduced in *Modern Guitar Chord Styles, Volume 1* - It's got heaps of info about strumming, rhythm reading and techniques like open-chord changes, staccato strums, bar-chords, and more. It also has plenty of familiar sounding chord progression examples to help you master all the common chords & rhythms, plus a sample of each on the play-along CD - check it out !
